PROFESSIONAL SUMMARY

Software Development Engineer with expertise in data engineering, business intelligence, and backend development. Skilled in writing and optimizing SQL queries to extract and manage data, building insightful reports using Power BI, and automating workflows with Azure Logic Apps to enhance system integration and operational efficiency. Experienced in developing Django-based RESTful APIs and HTML forms for seamless user interactions, with a strong understanding of Django and Django Rest Framework. Additionally, proficient in data science, having improved data processing efficiency, and collaborated with cross-functional teams to align on business goals and requirements.

SKILLS

Web Technologies

Front-End Programming HTML5, CSS3, AJAX   React.js   Next.js   Express.js   Node.js   Flask   Django

Django Rest Framework

Database

SQL   Postgresql   MongoDB

Machine Learning

Basic and Advanced Python   Statistics   Numpy   Pandas   Matplotlib   Seaborn   Scikit-learn

Tensoflow

Version Control and Deployment

Git   Docker

Bussiness Intelligence and Autmation Tools

Power BI   Power Apps   Power Automate   Azure Logic Apps

EXPERIENCE

○ **SOFTWARE DEVELOPMENT ENGINEER**
Spikewell India Private Limited, Mar 2025 - Present

○ **SOFTWARE DEVELOPMENT INTERN**
Spikewell India Private Limited, Sept 2024 - Feb 2025

- Developed and debugged complex SQL queries to extract data from databases, ensuring accurate and efficient data retrieval.
- Extracted and processed data from databases to generate and publish reports tailored to stakeholder requirements.
- Designed and built business intelligence reports using Power BI, delivering actionable insights to stakeholders.
- Implemented seamless system integrations by automating processes, improving data flow and business operations.
- Created automated workflows using Azure Logic Apps to streamline system integrations and enhance operational efficiency.

BACKEND DEVELOPER INTERN

Dambaruu, May 2024 - August 2024

- Built a Django based HTML Form that sends a Thank You email on the newly registered email address.
- Built a RESTful API using Django Rest Framework.
- In-depth understanding of the Django and DjangoRestFramework.

DATA SCIENCE INTERN

Cognifyz technologies, January 2024 - February 2024

- Enhanced data processing efficiency by data collection and preprocessing tasks.
- Optimized machine learning models for improved prediction accuracy and performance.
- Collaborated with cross-functional teams for better understanding of business requirements and objectives.

EDUCATION

MASTER OF COMPUTER APPLICATION (MCA)

Ravenshaw University, Cuttack, May 2024

BACHELOR OF SCIENCE (B.Sc) IN COMPUTER SCIENCE

Khariar Autonomous College, Nuapada, July 2022
